

NanoMeasureFrance Association 2025 WEBINAR SERIES

As part of its mission to share information and disseminate best practice in nanomaterials' characterisation, the **NanoMeasureFrance association** is offering a programme of webinars with the following objectives:

- to highlight innovative characterisation technologies that can meet some of the characterisation needs expressed by NanoMeasureFrance members
- to present key initiatives regarding pre-standardisation activities

The 2024 Webinar Series hosted **10 on-line events and over 500 participants**.

For 2025, 8 webinars are already planned and you can find below more details on the different topics that will be covered.

The full summary and registration link will be communicated 2 weeks before each webinar *via* the association's website and LinkedIn account.

STAY TUNED

If you are unable to attend one of these webinars, most of them will be recorded and made available to our members for later viewing.

DATE (Central European Time, CET)	TITLE	SPEAKER(S)
MARCH 21, 2025 11h00-11h45	Multi-technique and multi-scale approach of materials and devices by electron spectroscopies	Dr. Muriel BOUTTEMY Dr. Mathieu FREGNAUX (ILV UMR 8180 / FR)
APRIL 3, 2025 14h00-14h45	Présentation du guide par l'exemple (<u>présentation en Français</u>)	Valérie GODEFERT Dr. François-Xavier OUF (LNE / FR)
MAY 16, 2025 11h00-11h45	RNA-LNP manufacturing from benchtop to GMP	Audrey NSAMELA, Robin OLIVERES & Yannick MOUSLI (Inside TX / FR)
JUNE 13, 2025 11h00-11h45	Recent Advances and Practical Applications of In situ time-resolved Dynamic light scattering (DLS) for nano particle characterization	David JACOB (Cordouan technologies / FR)
JULY XX, 2025 XXhXX-XXhXX	Feel free to contact us if you want to contribute	
AUGUST 2025: SUMMER BREAK		
SEPTEMBER 12, 2025 14h00-14h45	A new metrology tool: using transmission Kikuchi diffraction (TKD) to identify and separate nanoparticles for regulatory purposes	Dr. Brooke JABLON (CAMECA / FR) Dr. Loïc CROUZIER (L'Oréal / FR)
OCTOBER XX, 2025 11h00-11h45	Main advances in the Metrino project	Speaker to be confirmed (XXX / XXX)
NOVEMBER XX, 2025 11h00-11h45	Presentation of the PlasticTrace project	Speaker to be confirmed (XXX / XXX)
DECEMBER XX, 2025 11h00-11h45	NanoMeasureFrance: 3 years after	Speakers to be confirmed (NanoMeasureFrance / FR)
